Oer-Erkenschwick, 20<sup>th</sup> January 2010

Dear members of the WTF, dear friends of the sport Tenniquoits,

With this you receive the official and detailed invitation for the upcoming 2<sup>nd</sup> Tenniquoits World Championships 2010 in Germany. I'm very happy to welcome you and your players to celebrate this magic international event in my home country Germany.

Those who had been in India 2006 still will recall the golden moments we experienced in the name of international Tenniquoits during the 1<sup>st</sup> World Championships in Asia that time. The special atmosphere to compete against other players from all over the world is unique and an experience you will keep in mind for your whole live. The growing international Tenniquoits family will meet again in Germany 2010 to be witness of another glamorous highlight in the history of the sport Tenniquoits, the 2<sup>nd</sup> World Championships!

Our all aim is that the presentation of World Championships becomes steadiness in order to make Tenniquoits a sport, which should gain more and more interest towards the general public around the globe. We want to prove that our sport is eligible to be considered as competitive sport with admirable skills of its players. The 2<sup>nd</sup> World Championships will be a historical chance to improve the meaning of Tenniquoits in comparison to other sports. We all should help to use this opportunity and participate at this great international event with potentially participating players from all five continents.
